AMENDMENT II to HOLMES COMMUNITY COLLEGE BULLETIN 2012-2013

Page 45 – Full-Time Students (Effective Spring 2013)

Item No. 3 requiring ACT scores for students under 21 is removed.

Page 46. Part-Time Students and Transfer Students (Effective Spring 2013)

Item No. 3 and Transfer Students paragraph is changed as follows:

Transfer student must submit an official transcript from any regionally accredited college attended or any documentation accepted for a first-time freshman.

The following Career Program has been changed: (Effective Fall 2012)

Practical Nursing

First Semester		Second Semester	
Body Structure & Function	PNV 1213	Adult Health Nursing	PNV 1682
Nursing Fund & Clinical	PNV 1444	IV Therapy & Pharmacology	PNV 1524
Total	17 HOURS	Total	16 HOURS
Summer Semester			
Nursing Transition	PNV 1914		
Specialty Areas in Nursing	PNV 1728		
Total	12 HOURS		

The following PNV course are removed:

PNV 1427 – Fundamentals of Nursing
PNV 1436 – Fundamentals of Nursing Lab/Clinical
PNV 1523 – IV Therapy Concepts
PNV 1615 – Medical/Surgical Nursing
PNV 1622 – Medical/Surgical Nursing Clinical
PNV 1635 – Alterations in Adult Health
PNV 1642 – Alterations in Adult Health Clinical
PNV 1715 – Maternal-Child Nursing
PNV 1813 – Mental Health Concepts

The following Career Courses are added or changed:

PNV 1444 - Nursing Fundamentals and Clinical

This course provides the student with the basic knowledge and skills necessary to care for the individual in wellness and illness and is applicable across the lifespan, as well as demonstration and supervised practice of the fundamental skills related to practical nursing. Seven lectures. Ten hours lab. Six hours clinical. Fourteen hours credit.

PNV 1524 -IV Therapy and Pharmacology (Prerequisites: All first semester PNV courses)

This course provides the student with principles of IV therapy and pharmacology. Principles covered in the course include the administration of medication, administration of IV fluids, and administration of IV medications included in the scope of practice for the practical nurse. The expanded role of IV therapy included in this course is in accordance with the Mississippi Nursing Practice Law and Administrative Code. Three lectures. Two hours lab. Four hours credit.

PNV 1682 -Adult Health Nursing Concepts and Clinical (Prerequisites: All first semester PNV courses)

This course is designed to provide the student with the basic theory and clinical experiences needed to provide safe, effective care to the adult client experiencing acute, chronic, or life-threatening physical health conditions in all body systems and the knowledge to prepare for the role transition from student to practical nurse. Eight lectures. Four hours clinical. Twelve hours credit.

PNV 1728 - Specialty Areas in Nursing Prerequisites: All first semester PNV courses

This course provides the student with the basic knowledge and skills to promote and/or provide safe and effective care for clients and families during the antepartum, intrapartum, and postpartum periods as well as in infancy through adolescence. It also provides the basic knowledge and skills to assist in the promotion of the emotional, mental, and social well-being of the client and family experiencing a mental health alteration. 7.33 lectures. Two hours clinical. Eight hours credit.

PNV 1914 - Nursing Transition (Prerequisites: All first- and second-semester PNV courses)

This course prepares the student for role transition and the National Council Licensure Examination (NCLEX-PN). Three lectures. Three hours clinical. Four hours credit.

I certify the above amendment to be true and correct in content and in policy.

Dr. Fran Cox, Vice President for Academic Programs
